

A person wearing a full-body camouflage suit with a brown and tan pattern is standing in a forest. They are holding a black compound bow with three arrows attached to the rest. The background shows tall trees and sunlight filtering through the canopy. Overlaid on the image is the text '2022' in large, semi-transparent grey letters, and 'Man Kung' in a white script font across the middle.

WELCOME

MAN KUNG

ARCHERY & CROSSBOW

Established in 1988, the Man Kung Company is dedicated to the design and manufacture of a wide range of crossbows, knives and related products.

Man Kung is specialized in crossbow, archery bow, toy archery, slingshot, blowgun, baton, and other bow accessories. We have always been dedicated to the research and development of new products to meet current market demands.

Man Kung's outstanding quality has won us a high reputation from both domestic and international customers. Man Kung's permanent makeup supply has obtained diverse certifications, welcome to contact them for more permanent makeup supply specifications.

OEM or ODM orders are welcome and Man Kung would be your best partner in the future.

January 01, 2026

RELIABILITY

DURABILITY

Man kung is proud to continue to develop the most powerful and durable crossbow. Our compound bows have been tested many times and have high quality in durability.

We have professional team of designers make the innovative thoughts happen and the qualified technology present, and it all serves as our glory and mission.

Our new product in 2026 will provide a lighter and simpler appearance and faster-shooting speed so that users can have a better shooting experience.

Major principles

Our products are of the best quality, we set the highest standards for ourselves. We encourage our employees who set the goal of improving the quality of their work. We respect any opinions on the quality of our products.

BLUE

MK-SL06

MK-SL06 is specially designed for sports and entertainment shooting. It is made of high-quality materials and has an improved design to fully enjoy the fun of shooting.

The ergonomic handle is equipped with a wrist stop, which allows you to hold the slingshot more smoothly for aiming.

The bullet launching with a handle mechanism can shoot quickly and comfortably.

MK-SL08

The MK-SL08 slingshot has a very comfortable grip shell and a hollow pistol grip. The ball used for shooting is poured into the handle.

BATONS

Our self-protection batons are the first-rate.

You will feel at ease carrying one of our batons for self-protection.

Baton is a heavy grade, hard steel.

They sling out with perfection every time, so they will be there when they are needed.
